Cohen & Steers Tax-Advantaged Preferred Securities and Income Fund, Inc. (Cusip # 19249X108)

The Fund paid a distribution in the amount of \$0.134 per share on November 30, 2023 to shareholders of record on November 15, 2023. Under accounting principles generally accepted in the United States of America (GAAP), it is estimated that \$0.092 per share of the distribution is net investment income and \$0.042 per share is a return of capital. A return of capital occurs when a portion of the money that you invested is paid back to you and should not be confused with "yield" or "income".

The Fund's distributions reflect net investment income, and may also include net realized capital gains and/or return of capital. Return of capital includes distributions paid by a fund in excess of its net investment income, and such excess is distributed from the fund's assets.

Income as determined under federal income tax regulations differs from GAAP. As a result, distributions are subject to recharacterization for federal income tax purposes. The final tax treatment of all Fund distributions will be provided on Form 1099-DIV, which is mailed after the close of the calendar year.
